4. Adjournment.

The Chairman adjourned the meeting to give members of the public the opportunity to speak. The Chairman then reconvened the meeting.

At the invitation of the Chairman Wiltshire Council Cllr. Seed provided a report that addressed current issues, including the steps being taken by Wiltshire Council to establish 'official travellers' sites in Wiltshire. Cllr. Seed also agreed to progress a reply from Wiltshire Council in respect of the availability of land for allotment gardens.

The Clerk reported that the Information Commissioner's Office (ICO) had contacted him to advise him that the ICO had requested Wiltshire Council (WC) to provide additional information relating to planning application 08/03870 to the Parish Council and to enquire whether a full investigation was now required. The ICO had stated that in its preliminary investigation of the case it considered that

the information now released was reasonable and that any remaining information was protected as 'personal data' and could not be released. The Council noted that the Clerk had placed this additional information on circulation and concluded that there was nothing further to be gained by a full investigation. The Clerk was asked to thank the ICO for ensuring that WC did release the additional information and to express concern that the Parish Council had to involve the ICO in obtaining information from WC that should have been released in the first place. The Clerk was asked to request the ICO to ensure that WC recognises its responsibilities in respect of releasing information in future, especially as many of the officers involved in the original 'restricted' release of information now occupy the same, or similar, posts within Wiltshire Council.

c. Cllr. Dobbyn tabled his proposed letter to the Wiltshire Times newspaper entitled 'The Rule of Law' and explained the rationale behind the sentiments expressed in the letter. He stated that this letter had been sent to all councillors prior to the Parish Council meeting and that he had noted that the Clerk had commented on the contents of this letter and that the Clerk had forward his own comments to all councillors. He challenged the comments made by the Clerk, stating that he believed that his letter covered a number of key points directly relevant to the unauthorised establishment of travellers' sites in the area and that those points were based on established facts. Cllr. Dobbyn also expressed concern that the Clerk could be seen to be attempting to influence the Council on important matters and that the Clerk may be confusing offering advice to the Council with expressing his own opinion on a matter. The Clerk replied stating that he had a duty to ensure that the Council was not brought into disrepute or subject to adverse and unjustified criticism. He stated that the letter was, in his view, inflammatory and that some statements could not be substantiated and, if published, would present the Council in a very unfavourable light. He added that he was also concerned that if subject to some injudicious editing by the Wiltshire Times, the letter could be damaging to the Council. The Clerk stated that the main thrust of the letter should be to pressurise Wiltshire Council to meet its legislative duty to provide 'official' traveller sites in Wiltshire, thereby avoiding 'unofficial' sites from being created. He added that he considered that 'advice' and 'opinion' were inseparable insofar as any advice he offered to the Council had to be based on his own opinion on a particular matter. He commented that the Council was at liberty to ignore any advice offered by the Clerk or to terminate the employment of the Clerk if the Council resolved that the Clerk was acting improperly.

The Chairman stated that he believed that the proposed letter was too general and covered too many issues for it to have the impact that he thought was necessary in order to resolve the issue of 'unofficial' travellers' sites. He recommended that the letter would be most effective if it challenged Wiltshire Council to take immediate action to provide 'official' travellers' sites. A general discussion ensued on the merits, or otherwise, of redrafting the letter along the lines proposed by the Chairman, during which councillors expressed their own views on the possible content of such a letter to the Wiltshire Times. At the conclusion of this discussion, Cllr. Dobbyn offered to redraft the letter to address many of the comments made by the councillors, especially in relation to a warning to elected representatives to note the wish of the electors or to face their wrath at the ballot box and to require Wiltshire Council to take action. The Council thanked Cllr. Dobbyn and accepted his offer. It was also agreed that the same, or similar, letter should be sent directly to Wiltshire Council. Cllr. Rimmer stated that a plan of action for establishing 'official' sites should be obtained from WC in order to be confident that appropriate action is being taken and proposed that the matter is taken further if the response from WC is unsatisfactory.

placed outside the Village Hall.

b. The Clerk stated that he was still awaiting a reply from Wiltshire Council in respect of any possible land owned by Wiltshire Council that could be used for allotment gardens. Councillors remarked on the flurry of e-mails strongly opposing the establishment of allotments at Littlemarsh and agreed that it would be more appropriate to landscape the area in question in such a matter as to prevent the incursion of travellers' caravans. The Clerk was asked to write to Wiltshire Council to request that this action be taken. The Clerk was asked to remind the St George's PCC to place the provision of allotment land on its agenda for its September meeting.

c. The Council noted that information relating to different types of Bench Seats had been circulated to all councillors. The Council resolved to delegate the following task to Cllr. Bowyer:

- To propose two possible types of Bench Seat and the associated purchase and installation costs for both types of seat, noting that the installation cost is to include the provision of any necessary hardstanding and the securing of the seat to that hardstanding.

Cllr. Bowyer was requested to present his proposals to the Parish Council meeting to be held in September.

d. The Council noted the letter from Wessex Water stating that the drain clearance maintenance schedule for the drains affecting Palmer Grove had been revised in the light of the reopening of The Somerset Arms.

11. Community Area/Area Boards.

a. Cllr. Bowyer reported that he and Cllr. Smyth had attended the recent Melksham Area Board Meeting. He added that he had raised a 'Semington Community Issues Sheet' following the Area Board meeting and had sent a copy to all councillors for comment. He explained the purpose of such an 'Issues Sheet' and invited councillors to endorse his proposals. The Parish Council resolved to adopt the proposals detailed in the 'Semington Community Issues Sheet'. Cllr. Bowyer stated that the next Area Board Meeting was to be held on 23 September 2009.
